

We would like to emphasise the importance of quarantine to you and request that you comply with the following:

Free movements, such as going shopping, going for a walk, visiting someone or meeting people from other households, are absolutely prohibited.

If the Oldenburg District authorities become aware that you have gone shopping, visited someone or have left your house or apartment for any other reason, you will be punished with a **fine of up to 25,000 euros**.

If you provably infect someone with the coronavirus as a result of leaving quarantine, **criminal charges (possible consequences: fine and imprisonment)** will be brought against you.

Because you are not allowed to go shopping, you can ask friends, neighbours, family members or other helpers in your area to buy food for you. The shopping can then be placed in front of your door. You can also contact your employer.

There may also be businesses near you that offer home delivery services.

Please note:

We are living during a dangerous pandemic. Breaches of coronavirus regulations can endanger your health and even cost you your life, as well as that of your family and other people!
